

ST. MAARTEN

Public Announcement

Price Change Petroleum Products

The Government of St. Maarten regulates the prices of petroleum products by imposing a maximum price at which wholesalers and retailers can sell these products on St. Maarten. Due to the ongoing developments on an international level, the prices of crude oil have experienced adjustments. Taking into consideration that our local prices follow the international trend, our prices for LPG (Cooking Gas) will also experience an adjustment. Given the aforementioned, the general public is hereby informed that as of **Thursday December 11, 2014**, the **maximum consumer prices** of the following petroleum products have been adjusted as follows:

	Current Price	New Price
LPG (20LB)	Naf 45.00 per tank	Naf 42.00 per tank
LPG (100LB)	Naf 170.00 per tank	Naf 153.00 per tank
LPG (BULK)	Naf 1.65 per lb	Naf 1.51 per lb
